# The Complete Adventures Of Curious George: 70th Anniversary Edition

## Synopsis

"This is George. He lived in Africa. he was a good little monkey, and always very curious." With these words, H.A. and Margret Rey introduced the world to Curious George, and the world has loved him ever since. The tales of this cheerful and resilient little heror have kept generations of readers enthralled and entertained. This lavish edition includes an introduction by Leonard S. Marcus, Publisher's Perspective by Anita Silvey, retrospective essay by Dee Jones with photographic album of Margaret and H. A. Rey, and the seven original tales of Curious George: Curious George, Curious George Gets a Medal, Curious George Flies a Kite, Curious George Rides a Bike, Curious George Goes to the Hospital, Curious George Takes a Job, and Curious George Learns the Alphabet. This volume also includes two audio CDs with recordings of the seven stories--more than one hour of storytelling! The Complete Adventures of Curious George will be treasured by George's many fans, young and old.

Biographies > Literary #68 in Books > Children's Books > Animals > Apes & Monkeys #1953

in Books > Children's Books > Humor

Age Range: 4 - 7 years

Grade Level: Preschool - 3

## Customer Reviews

This is a review of The Complete Adventures of Curious George. I know that I read (or had read to me) at least some of the Curious George books when I was in grade school. And I remember that I liked them. But that's almost all I remember. So, when we were given this book as a present for our two children, I didn't know what to expect. I am now in awe of what a wonderful series of stories this

is. There are seven stories, published over a series of twenty-five years. By modern publishing standards, that's not a lot of books for a successful series. There's a reason for that: Margaret and H.A. Rey took their time to craft fine stories. These are stories that are written in a simple, comprehensible way, so my kids have been enjoying them since they were three years old. However, the stories are not "dumbed down" for children. The plots are interesting, with twists and turns. In "Curious George Gets a Medal," George goes from thinking about writing letters, to trying to clean up some spilled ink, to trying to find a pump to clean up some water, to trying to find an animal to drag a pump, to a museum, where he meets the person who had written the letter that started him on his quest (!), to a rocket ride. This description cannot do justice to the natural flow the incidents have in the context of the story. The illustrations are in a bright, charming, and in what is (now) an immediately recognizable style. Unlike so many children's books, it is obvious that great care has been put into the illustrations. In one picture, George is shown floating over the city, carried aloft by some balloons he had taken.
