# Dilbert 2015 Day-to-Day Calendar

## Synopsis

If you work in anything that resembles an office, chances are you have coworkers who resemble Dilbert's. Maybe your boss doesn't have pointy hair, but he (or she) probably more than once has used meaningless business speak to cover a lack of knowledge--and fooled exactly no one. A guy in the next cubicle probably shows up each day just for the free coffee, and another probably works like a crazy-woman hoping for a little recognition. Dilbert creator Scott Adams includes them all. Any resemblance to your actual coworkers is intentional (and hilarious). Get a head start on each day's office craziness with this best-selling Dilbert calendar that features a full-color cartoon on every page.

## Book Information

Calendar: 640 pages

Publisher: Andrews McMeel Publishing; Pag edition (July 8, 2014)

Language: English

ISBN-10: 1449451500

ISBN-13: 978-1449451509

Product Dimensions: 6.3 x 1.7 x 5.3 inches

Shipping Weight: 14.1 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (202 customer reviews)

Best Sellers Rank: #122,498 in Books (See Top 100 in Books) #70 in [Books > Humor & Entertainment > Humor > Business & Professional](#) #88 in [Books > Calendars > Humor & Comics](#) #142 in [Office Products > Office Supplies > Calendars, Planners & Personal Organizers > Desktop Calendars & Supplies](#)

## Customer Reviews

How much can you say about a calendar? The pages are all lined up and stuck together and it's got printed comic strips on each page. It comes with a little plastic stand so you can put it on your desk and there are certainly no complaints about Dilbert's content so, all in all, I'm happy with the purchase.

This is your basic desk calendar. Nothing super special but I love the graphics. I got this for a gift for a Dilbert fan and he will love it. It was a great price too compared to the calendar places that you usually find at the mall.

It's a Dilbert calendar. Doesn't get any better than that, unless they were to publish a Wally calendar. I got the Kindle version this year so I could save a few bucks. Now don't know what I'm going to use for shopping lists and notes all year. Probably go back to the old-fashioned printed version next year.

Great desk calendar. The comics about engineers, so they would probably find it the most hilarious, but it has broad application to any office environment, and the dry wit is spot-on. It often makes me laugh out loud and is a bright little spot of sunshine in my day. The content is not only just as funny as you would expect from the regular newspaper comic, but it is also appropriate for work.

Surprisingly, these two points are not always the case with desk calendars. I bought the 2014 Dilbert calendar at Barnes & Noble after a disappointing 2013 with a calendar from the American version of the TV show *The Office* (I love *The Office*; it's a hilarious show, but the calendar was awful--used the least funny lines from the show and very inappropriate for work. I expected some inappropriateness, but what I did not expect were several quotes mentioning specific male anatomy--you just can't have that on your office desk in most environments). Anyway, the Dilbert content in the calendar is consistently funny and won't cause you to surreptitiously turn it around when your boss stops by to chat. I was pleased, after my good experience with the 2014 Dilbert calendar from B & N, to find that [Amazon](#) sells this calendar for several dollars less. It's always great to get the same product at a lower price. I am currently enjoying my 2015 Dilbert calendar from [Amazon](#) and will be back for more next year! Would I purchase again? Definitely will. Would I recommend to a friend? Yes. Did I receive a promotional credit on this item? No.

Has it almost been a year since I've had this product? Yes it has. Has it disappointed me? No more than a pointy haired boss! While I don't always keep up with it on a daily basis, it's always good to know I can get a few of my favorite strips on a tear off calendar. Sure, online comics, apps and the like are all the rage today, but set this puppy near your box of Kleenex, coffee cup, or VOIP phone on your desk and settle in for smiles. You maybe at work, and your job may suck, but at least you can get a daily chuckle from this bad boy.

Still waiting for this calendar to BRING BACK separate pages for Saturday AND Sunday. There is no reason to combine the 2 -- except it saves them money. People use this on the kitchen table and are not at work and even if at work, there is special reason to be able to enjoy 2 cartoons on Monday morning when you have to get back to the grind. Cartoons are just not as funny as they

were for the first couple of years. Only reason still purchasing it every year is so I know which day it is and Far Side is no longer new/available and there isn't anything better out there in this format.

I love the Dilbert Desktop Calendars. They have been a mainstay on my desk at work for many years. The zany behavior of Dilbert and his dysfunctional co-workers put a smile on my face every morning. Plus, there's a little space below the comic strip that allows for various notes and appointment reminders. Get some before they're pulled from the shelves, and repackaged as a collector's edition! ;-P

I find I am not a fan of Day-To-Day calendars. I was hoping the humor of Dilbert would help with that but unfortunately it doesn't. With monthly calendars only the best funny bone shakers make the cut. With a Day-To-Day some hum drum comedy makes its way to print.
