El Árbol Generoso

Synopsis

This story of a boy who grows to manhood, and of a tree that gives him her bounty through the years, is a moving parable about the gift of giving and the capacity to love.

Grade Level: 2 - 4

Customer Reviews

I love this book! This book is the story of all the things that a parent provides for their child: love, attention, and comfort. The tree is the "parent" and gives to the child all that it can, until it has no more to give and what a parent expects in return...the child's happiness, in order to be happy.

A delightful fable of a boy and a tree growing up - and growing old together. Many parallels can be drawn from parental approaches, to environmental concerns. It's a story that teaches the value of unconditional love, and profound respect. An interesting essay on mankind, Silverstien skillfully incorporates material need and emotional stability into the text in an easy-to-understand and child-like manner. And what's more; it's the best (and most important) children's story that I've ever read!

This book wraps up many beautiful teaching about life. It is excellent for people of all ages and from

all over the world. I highly recommend this book.

I bought this for my 5 year old brother after hearing great things about it. I had looked at it in the store one time but thought that maybe it was just too plain and simple. Turns out that my brother loves it! The moral of the story is so humane; it teaches us to give without expecting anything in return. I think this book teaches a very valuable lesson. I bought it in Spanish since we are trying to raise my brother bilingual, and now I know it was a great purchase and highly recommend it!! Amo este libro, enseña una lección muy importante de la vida de dar sin esperar que recibas algo de regreso. Es algo que todos todavía nos cuesta aprender pero es que es muy importante pasar a nuestros niños. Es muy lindo y a mi hermano de 5 años le encanta! Esta fue una super compra, y me alegra mucho de haber escogido este libro. Se lo recomiendo a todos!

This is probably one of my favorite books of all time! This has the exact significance in Spanish as it does in English. The book is high quality and I would buy it again for my son. It has a great lesson about nature and I think that's important for children (everyone).

Me encantó esta historia. Es un libro acerca de la relación entre un árbol y un niño a través de sus vidas. El niño siempre quiere recibir todo del árbol sin darle nada a cambio. A través de los años va quitando más y más partes al árbol (y el árbol se siente feliz de hacer al niño feliz!) Hasta que ya no le queda nada para dar. Es una buena oportunidad para hablar a los niños de generosidad (es mejor dar que recibir), la relación con la naturaleza, los sentimientos, etc. A mi hijo de 3.5 años le gusta mucho, y estoy segura que a niños más grandes les debe gustar también.

This is probably one of the most beautiful stories for children I have ever read. If you have small children, grandkids, or just enjoy a good read this short story will leave you feeling great. It is available both in English and Spanish. The book was used, but it has no signs of wear and looks great. I hope my daughter enjoys it, and her children when the time comes...

This was a gift for my girlfriend who almost has the whole collection of Shel Silverstein collection. I had to get it for her for Christmas she was so impressed with "Falling Up". When she read "El árbol generoso" she started crying. I think that says everything right there. When she finished she was in tears because it touched her so much. It's one of the best books for children out there and for that

matter adults.
