Customer Reviews

Very,very cool!! I love seeing the different art interpretations on each page, and am excited to flip to each month. It is a different setup (calender wise), but I personally don't mind it; I love the bigger pictures of art!

This calendar features many new and previously unseen images from the illustrator of the U.S. Harry Potter books â Mary GrandPrÃ©. If you enjoyed the now iconic original U.S. book covers (and who doesn't?) then you'll thoroughly enjoy these images which take up almost the entire 15" x 13" page. The days of the month are displayed in a line across the bottom. This set up is perfect for displaying it as a poster, but it's not very functional as a calendar. Images are printed on both sides of each page. I wish the paper was of a bit heavier stock, but it's thick enough that the reverse image is not visible. The calendar ships with a metal u-bend hanger that's not fastened to the spiral binding. Mine arrived with the hanger stuck half-way down one side of the binding and it took some very careful prodding to get it back in place. In spite of the somewhat less than perfect production and the difficulty in using it as a functional calendar, I still recommend this product to all Harry Potter and Mary GrandPrÃ© fans. The images and their enormous size are just too cool to pass up. Hopefully WB will offer a higher quality calendar next year with more awesome images from Mary GrandPrÃ©.

I know this is a calendar but you're really going to buy this for the art. It is amazingly detailed, looks amazing, and the size is just right. Unfortunately the calendar pages are back-to-back so if you wanted to display these in the future you're only going to have a pick of 6 of the scenes. The calendar is a little tricky to read but as I stated earlier I really bought this for the art.

I love the pictures :) It's not a great calendar, since the dates are written really tiny at the bottom of each page, but I used it basically as a poster/ decoration in my dorm room. I had to get a completely separate wall calendar, though.

Great images, the calendar portion is unusable however. The dates are really small along the bottom. I wish I had paid closer attention before ordering it. The paintings are great and are now hanging on my wall.

A must have for any die-hard Harry Potter fans (especially if you have followed the books from the very start)! The artwork is amazing and brings me back to those early years before the movies and this is exactly how you had pictured the characters.

I love this calendar. The pictures are amazing - they match the book's artwork and it makes this a very lovely wall hanging. The numbers aren't squared off like a regular calendar, so this isn't really practical for date tracking, but if you need to know what day of the week then 19th falls on, you can find out.

This can be billed as a calendar? I'll echo what other reviewers have noted (the calendar part is NOT useful - dates of the month listed in one line across the page, I can't write anything on the calendar; and the holidays are also listed in a line in small print below the illustration), plus add that I even felt the paper that the calendar pages are printed on is thinner than I'd expect. Pretty disappointing for something I hoped I could hang up and really make use of.
