Customer Reviews

I like the calendar pictures. The explore characters in pictures, some of which we have seen before, but that's to be expected. If it were just the calendar, I'd give it five stars. The so-called pop-up feature actually requires assembly - tab A into slot A - and it isn't easy to do. It also won't stay together, nor will it collapse as a pop-up book should. Disappointing in that regard.

For all the Harry Potter lovers out there this is great that we can still find items of that wonderful story to continue to purchase. This will be a Christmas gift. Always very happy to find anything HP.

I love it! I originally purchased the calendar for the pop-up Diagon Alley piece, but was thrilled with the calendar as well!!! The pages are spectacular, and I love the focus on one character!! It makes me excited to flip to each month! The pop-up Diagon Alley piece is amazing as well. It is definitely going to be a part of my decorations year round. In general, everything produced is put together and developed very well. Definitely looking forward to each month coming!

I was so happy that offered this product through retailers that had one or two of these special

edition calendars remaining! I searched everywhere and should have known that was my best bet! I did have to pay more than double the cover price to get my hands on it, but it was worth it! I'll be sure to order 2015's calendar before year end to be sure I don't miss out!

I go back and forth yearly between Harry Potter and Star Trek. I usually enjoy the one feature image more than the collage style however.
