## Customer Reviews

I get the Harry Potter year in a box calendar every year for my desk and am always happy with my purchase. As with any desk calendar, the first few pages always seem a bit loose, but a week or so in and the calendar has no issue!

The pictures are nice on each page. Looks good on the table. I am very happy with this calendar. This is my second year I am using Warner Bros Harry Potter Calendar in a box. I would highly recommend this for any Harry Potter fan.

I've been buying the Harry Potter year-in-a-box calendars for many years now and this is the first time I've had a problem with it standing on my desk. The plastic base and backing is faulty and I have to balance it on something or it won't stay upright. I have nothing but positives to say about the wonderful pictures from the films. I'm sorry they've decided to make the 'holder' of those pictures so cheaply that it falls over instantly.

Great calendar for all Harry Potter fans, photos and quotes from all 7 books and movies. Great

quality and better than the 2013 version.

The item is a daily reminder of the beloved series. I will never tire of it. The pictures and facts are interesting to those of us that are fans. On the practical side it is reasonably priced.

I love waking up each day, and having a Harry Potter inspired calendar waiting for me. I start my day off the right way with the HP inspired year in a box set and couldn't be happier!

This Calendar has a small problem. The pages from January 1 to January 9 are upside down. It turns right side up after that, but I would say quality control is an issue.

Basically just pictures from the movies during the week, and then banal trivia/commentary on the Saturday/Sunday page. For most fans, it would be disappointing.
