Customer Reviews

I'm sold on the entire line of Flip Flop Learning products! Everything we have used encourages us to learn even more. This activity calendar holds to the true flip flop learning standard, teaching relevant Spanish (whole sentences) in an engaging and creative manner. Learning a word a day, building an entire sentence by the end of the week, enables my children to learn real Spanish and not just lists of vocabulary words. And of course, the pronunciation for each word ensures we are saying

everything correctly. As an educator with a degree in teaching children second languages, I highly recommend this product. Using it in my own Spanish classroom, as well in my home, I have witnessed firsthand as children beg to do Spanish again and again! For this busy mom, the simplicity of learning a new word each day coupled with the desire of my boys to actually do it, makes the calendar a winner in our home. Senora Gose, please keep your Spanish materials coming. You hit a homerun with this one.

Excellent Spanish resource. My children (7 & 10) are learning Spanish together, and we use this calendar to teach ourselves at least one Spanish word each weekday. And, since the calendar is open, we keep saying and using the phrases and having fun doing it. We've been working for a year and can now carry on basic (and I do mean basic, but it is a positive start) conversation, read primer books, and understand the ads and weather report on the Spanish radio station. We've used the calendar for 4 months along with Sr. Gose's flip-flop Spanish. It has been a positive and fun learning experience. Now my children go to the internet to translate phrases they want to say into Spanish, so our vocabulary keeps growing... and they are leading the effort. Pure bliss.

Great idea and very useful. Each week (5 days) teaches a sentence. Love how it is broken into parts that can be used in different ways!

I am very impressed with this learning calendar. Learn a word a day and by the end of the week you can speak a sentence. If you get bored with saying words, you can color the picture. If you don't feel like learning for awhile you can put it aside and start up again at a later time. No guilt from looking at all those dates you missed, just put your own dates on this calendar. Very Clever!
