Customer Reviews

This is the 2nd book in this series I have purchased. This is a great book, though I prefer the World Tour book over this one. This is mostly because I was expecting something else. I was expecting a book detailing events in history. This book goes through various times in history: Early people - 15,000 B.C. First Farmers Living in Cities Pyramids Going into Battle At the market The Bath House Winter Feasts Village Life Castle Life Inca Homes A Chinese Party Indian Wedding Busy Ports At the Ball Factory Town Prairie Homes Department Stores - 1930's The book is well done - colorfully illustrated and fun for all ages - from my 4 and 9 year old, to myself! Each page has about 20 things for you to find, in a search and find style, and a short description or explanation of each item and

how it relates to the time period. All in all, it's an excellent series!

Detailed illustrations of lives of people in various periods. Illustrations are quite fun to see. Close up of characteristic figures are closed up with descriptions. I bought this book for my 10-year-old son, who loves to play "Age of Empire" and becomes curious about history. He loves it because of the closed up pictures even though he can't read English yet. The illustrations convey the atmosphere of each age well.

This series is wonderful. Very entertaining for children to find the picture but the education that goes along with this is magnificent! The Great History Search leaves hours of entertainment for the entire family and really sparks the History curiosity in the child. This book is my 10 year olds favorite in the series. The illustrations are very detailed and get those little minds thinking.
