In summer 2010, Niall Horan, Zayn Malik, Liam Payne, Harry Styles and Louis Tomlinson auditioned for The X-Factor--separately--and failed to advance to the next round. my seven year old is entranced with one direction she knows all the words and dances to all their songs. this book is like an old fashioned cut outs dolls like when i was her age. not only does she get a history of her favorite singers she also can rearrange their outfits and dress them according to their videos. she spends hours with it. she uses her imagination to what each will wear -- what hat

what shirt what matches what. better than a video game she is in control. love it there should be more books like this for boys and girls recommended for all fans

This is great little dress up book for that 1D fan. You can dress up the band members and read about them at the same time. Its a great little fun book. 1D Fan would go nuts over this.

i bought this as a gag gift for my sister because she is obsessed with one direction . she thought it was funny but the cartoon versions of the boys are poorly drawn

My fourth grade daughter loved this sticker book so much that I had to buy a second one as a birthday gift for a friend. Allows kids to dress up the boy band in a variety of clothes, mixing and matching different styles. Any kid who LOVES to play dress up or loves fashion will love this sticker book!!!

i LOVE this book. There are stickers and it is absolutely amazayn. Oh, and did I mention HOT? There is information about their style and how they won awards. This book is so cute and fun. If you want a One Direction activity book full of stickers, look no further.

purchased 2 of these for my daughters (8 & 13) as add on gifts for christmas. They loved them. Lots of trivia inside also. Worth the price.

Bought for an eight year old who loves one Direction. I wasn't pleased with the guys in their underwear but especially the little sayings noted in the conversation bubble. I didn't give it to her.

I bought this for my 9 year old daughter, and didn't really think about the fact that its a paper doll book...which means the characters are in their underwear. I don't really know if that is a big issue for anyone else, but I'm not too fond of giving my child a book full of grown men in their underwear to dress up. That was my fault though...I know how dress up books work, just have never purchased one that featured boys. Lesson learned. She loved the book and never gave thought to them being in underwear, but that has more to do with the fact that she is pretty naive. Thank goodness.
