Customer Reviews

My daughter read through all the Eloise Level 1 series of readers a month ago, and we revisited them recently because she told me she missed stories about Eloise! Well, the actual collection of Eloise stories (not the early readers) are still beyond my five-and-a-half year old's reading ability, but these make for great entertainment and revision! In "Eloise Visits the Zoo", Eloise and her beloved and ever devoted Nanny don their safari best and visit the zoo during a summer day. The story captures Eloise's fun-loving nature and the illustrations enhance the text. Children will love the beautiful illustrations of the various animals at the zoo. Typical of level one readers, this book has slightly more challenging vocabulary, and longer sentence structure. Young children who love Eloise and her adventures will adore this series of early readers.

Perfect book for beginning readers who love Eloise's antics. My daughter especially likes emphasizing the voices of the characters. Just nice fun.

These are a fun, easy to read, and have a lesson behind them. Our first grader can almost read the book by herself.

This book is a favorite! Grands love this book.

Cute book for just beginning readers.
