Mike Venezia captures a child's interest with his creative style and amusing illustrations in these wonderful books that tells the story of a particular artists life. Written so that a child is engaged and will return to read the story again and again. I've have purchased several of Mr Venezias books and am never disappointed. Well done.

I use this series of books to teach my younger students and as a back-up to teach my older students. Although it is aimed at the elementary age group, my Jr. High students enjoy reading them during their break time.I hope to collect all of them as the year goes on.Thanks, , for making my goal affordable on a teacher's salary.

Getting to Know the World's Greatest Artists, Giotto is another nice edition in this fantastic collection by Mike Venezia. These books are perfect for exposing elementary and junior high aged students to a large variety of artists and styles of art.

This book has beautiful pictures, great illustrations and an informative and humorous text. A great introduction to art for children.
