Grade Level: Preschool - Kindergarten

Customer Reviews

Our Grandson loves this and actually requested for me to buy this. I have purchased others for him after he has seen the movie. It is great for him to read to me and tell me more about the stories than sit and watch the movie over again!

The little golden books cover most of the characters loved by kids. Some stories are short and some are long which have their own advantages when reading to your child. I bought 2 of these little golden books and intend to buy more as my son loves Disney Cars and Planes. The only thing which made me take off 1 star is the appearance of the book. Both the books I own do not have a neat finish. The outer hard cover is slightly shorter than the pages inside which do not give a perfect finish so I could not buy as gift for others.

As a retired firefighter, my grandson is into fire trucks, cars, and trucks, this is great to read before

his bed time,he loves this book

My grandson will surely like this little Golden Book he will be getting for Christmas!

This is a book for my granchild and makes a great addition to his library. We have read it many times.

Christmas present for a young lad.... his mom said he'd really enjoy her reading it to him at night.

My grandson likes the pictures . At 3 years old, the story line is a little too complicated

All Cars fans will like this little book. My grandsons and I read it very often.
