## Customer Reviews

This is my (14-month-old) daughter's favorite book, at the moment. We have other "Touch and Feel" books, but this is the one she keeps going back to. She's particularly fond of the sticky mud and the scratchy bale of hay. I personally like that this book actually features full sentences, instead of just onomatopoeias or one to two-word phrases. I wish more of the books in this series were this way.

We have another book in this series and it's great. But the pieces in the book that are meant for children to touch are very flat and two dimensional. There's not enough texture to them.

2 year boy, really enjoys the book, constant companion
