Customer Reviews

This book is advertised on for ages 8-14 and grades 1-2 which didn't make any sense but I decided to order it anyway. What arrived was a tiny book with large lettering appropriate for 6-8 year olds. The inside cover of the book said that is recommended for 9 year olds and grades 4-6 which doesn't make any sense either. It's an okay book for younger kids but it is not worth the \$7.95 price and someone needs to fix the age and grade range info.
