# La Oruga Muy Hambrienta/The Very Hungry Caterpillar: Bilingual Board Book (Spanish Edition)

## Synopsis

The time-honored classic *The Very Hungry Caterpillar* is now available in two bilingual formats, bringing together two languages for the ultimate reading and learning experience. With easily readable side-by-side English and Spanish text, it's perfect for children learning to speak either language. *La oruga muy hambrienta* es un libro lleno de colorido que habla de cómo una oruga se transforma en una linda mariposa. Los niños se divierten al descubrir los cambios tan asombrosos por los que pasa la oruga.

[Books > Animals > Bugs & Spiders](#) #4959 in [Books > Reference](#)

Age Range: 1 - 3 years

Grade Level: Preschool and up

## Customer Reviews

I read one of the reviews that mentioned that the spanish translation was a, "literal translation instead of more commonly used spanish phrases." I went ahead and bought the book anyway hoping this wouldn't be too big of a problem. Well, as it turns out the spanish translation is so literal that it isn't fully correct. The translation mistakes are over such basic things that it's clear that it wasn't a native speaker who had translated the book, but rather a crappy translating program. I was curious to see how google translator would do and it did a far better job than what ever program the publisher used. I will sadly be returning this book. I was really looking forward to having a bilingual version of this classic.

I bought this bilingual book for a little girl whose first language is Spanish, but who is learning

English as well. This book was a favorite of my own children too many years ago. She LOVED it and hid it from the other children in the house because they were for her SOLA.

As a Spanish native speaker I must say the translation is very good. I like the size fit perfect for children hands... But the little holes present in the pages where the food are..Mmmmmm are so tiny. Anyway it is a good book and my children love it.

ordered to go with a Eric Carle caterpillar toy and was very pleased. Book was in great condition, arrived as described (board type) and had both English and Spanish story. Thank you for delivering the description.

I have poured through this book and find that the translation is quite great, actually. I do not see any misspelling on the last page! This is one of my son's favorite books! He especially loves when the oruguita eats all the junk food!!

The Very Hungry Caterpillar is a great story for little children. Our exchange student from Barcelona Spain just had a baby girl, "Paula". My wife sewed a Hungry Caterpillar quilt and we sent both to 3 month old Paula. We hope to visit them in Barcelona and read this story to her this year.

I first learned of this book from my friend's kid, who seemed to love it. We got the Spanish version so that her nanny can read to her, and so far she seems to really enjoy it. I'm hoping her enjoyment will only increase as she gets older and comprehends more, but so far it grabs her attention well.

I liked that I was able to find this classic book for my daughter in both Spanish and English .,like other reviewers have said some of the translations are a bit technical and not the common words that would be use during regular day to day .
