Customer Reviews

Seller was genuinely interested in making sure product reached safely and securely. The calendar itself was very good quality. Received compliments from multiple people so far. The pictures along with the quotes are a perfect combination. Colors and material of paper used is perfect. Look forward to turning the pages after every passing month. Again, good quality product, with reasonable pricing!!

Absolutely love this calendar for its impressive art, dual calendar dates and the magnificent quotes (thats an extra bonus). I searched the internet for a good calendar and this was just one of its kind. My wife loves it too. I highly recommend this to everyone.

I really love these Longing for the Divine Wall Calendars. The 2015 edition is yet again, a work of art! The photography is so incredibly beautiful and the quotations are such a feast for the soul and a healing for the heart! May ALLAH bless you for all the effort and work that goes into such a splendid production fueled by love for and faith in HIM!

Beautiful as always. Every year we look forward to hanging a new calendar from this series and it always exceeds expectations. Pleased with the speed of delivery however I wish you would start selling on UK too!

Perfect fit for my needs. My dream is to travel and this keeps that present for me. Along with some meaningful words of wisdom each month to live by.

The pictures in this calendar are beautiful mA, and I really appreciate that there are accompanying quotes (although I sometimes wish they were a little longer/ more focused), as that is my type of calendar. However, the calendar is a bit small for a wall calendar, certainly smaller than wall calendars I have used before, by about half an inch on each side. This is my fault for not reading the dimensions beforehand, but a good thing for others to be aware of, and also if the company is reading these- please make the calendar a little bigger! This means that there isn't much room to actually write in the date squares. I like the double hijri/gregorian dates, but I would have loved to see other religious holidays on the calendar as well. Overall, the absolute best thing about this calendar are the pictures, which are BEAUTIFUL, the best of any calendar I have owned. But it would be perfect if it were just more practical.

I have bought this calendar every year. The pictures are beautiful. I highly recommend it.

Gorgeous photography and inspiring quotes in this Gregorian/Islamic combo calendar.
