## Customer Reviews

When I was in London, I saw this book in a shop and wanted to buy a bunch for souvenirs for my friends and family, but they only had one! So I went home and bought more online! Exactly what we wanted. Thank you.

I bought this to show my kids (ages 3 & 4) what we'd be seeing while in London. They loved it. My 4 yr old used it to tell me the sites she most wanted to see. When we got to London she was able to see the sites in the pop-up. Now that we're back she can go back through and remember what all we saw. Very good purchase.

Great little book with pop-up illustrations of well-loved London landmarks. Great price point and lovely illustrations. We bought it for our American-born, half-English daughter and will display it in her room to show her other 'home' until she's old enough to appreciate.

great LITTLE book. Bought it to give to grandkids prior to surprise trip. Bought Paris version as well.

Matches well with "London with Kids".

Love it - correlates very well with Fodor's.

Looks good but not perfect. It is too expensive for a small handy city scapes. Let me a little bit down.
