Customer Reviews

I have been getting these calendars for years. The pictures are spectacular, if nothing else. There are "one unusual weather occurrence" every day and some goodies in between the monthly calendars.

Have bought this every year for at least 10 years or more. (I buy 2....one for me; one for my adult son) My son always brings his into the office and it never fails to get comments. The photos are beautiful and the weather info is great!

Get this calendar every year. Great photos each month and lots of interesting facts and stats. Only thing I don't like is the hole punch. They make it too small and its hard to hang up and not rip the page.

I have purchase this weather guide calendar for over 25 years, and I am amaze the way the photos are capture in the calendar. I have kept each calendar for souvenirs for the last 25 years.

This calender had GREAT pictures but I like to write in the day squares and there was to much writing about the weather in every square, no room to write down things I need to do.

This is my go to calendar every year as a former meteorologist and storm chaser. Each month has spectacular weather photos and great weather history info on each date.

I purchased this as a late gift addition for my son. I have not seen the content but he states it is loaded with interesting information and great photos.

The calendar with all of its info is truly a work of art! The pictures are amazing! My grandpa really enjoys this calendar! Definatly a great buy!
