Customer Reviews

I have been buying the Gooseberry Patch calendar for my kitchen for years, it is so bright and cheerful and with good and easy recipes to boot. I have a calendar holder that it fits in and it looks cute on the wall besides being useful. I would recommend it as a cute calendar with good artwork and plenty of room for notes and the added recipes.

I was expecting a calendar with some awesome recipes for each month that would be interesting to try. Well didn't find it in this one. January has a punch recipe (boring), February has instructions for making cards (what happened to the recipes?), March has a bean recipe (couldn't give me a recipe for St. Patrick's Day?), April has a recipes for rice crispy treats on a stick (really? Easter and you couldn't come up with a seafood/fish recipe?), after that there are some other okay recipes. There

are also more instructional how to make non-food items, so not every month had a food recipe. Would I buy it again? NO. Better off finding a different calendar if you're a foodie like me. Very disappointed.

I am a huge fan of gooseberry everything. I get these calendars every year without fail. But this year, I'm a little confused...and it seems the makers of this calendar were too. It lacks the sparkle, sweetness and whimsical value I've come to appreciate in the past. I don't understand why March is all blue with a bean recipe instead of green with fun a Irish/St. Patrick's Day feel. April has no Easter type feel to it at all. May looks like a summer month, and June looks like a Autumn month-with a recipe for hot stew?? July has a distinctly Spring look to it. These calendars usually make these months come alive for me. Sadly disappointed this year.

I love the homespun artwork that graces the pages of Gooseberry's calendars - this year is no exception. I keep returning to Gooseberry calendars year after year. Perfect look for my kitchen and love that there is enough space around each day to be able to write in birthdays and appointments. The bonus would be the delicious recipe included each month.

I ordered one each of this calendar for my daughter and daughter-in-law and they both LOVED IT!!! try to order a NEW Gooseberry Patch Wall Calendar for each of them EVERY Year. I would recommend this "BEAUTIFUL" Calendar to any woman to hang on her wall in her house.

Beautiful calendar. Very vibrant colors. So many people that come over to my house, comment on how much they "like" this calendar. This is my second year using a Gooseberry patch calendar, and I like it so much, I'll probably get one next year too.

Once again, Gooseberry Patch has produced a wonderful, colorful wall calendar with beautiful artwork, yummy recipes, and fun seasonal tidbits! I love these calendars, and buy at least 2 for myself every year (and more for family). One is for the kitchen, the other for the den. The shipping time was very good, and the price was right! It's good to have these calendars so far ahead of the new year as events and appointments are already being scheduled!

This is the same as the appointment calendar. I buy one every year and also give as presents. I look forward to see what is new for the year and how great the drawings are. I have found a cute

frame for the kitchen and every year I save the months and use them in the frame. Get many comments on how cute the pictures are. Thanks girls for the wonderful calendar and recipes. K
