# Peanuts: A Scanimation Book

## Synopsis

Good grief, the gangâ™s all here! Charlie Brown, Lucy, Linus, Schroeder, Sally, and, of course, Snoopyâ these cherished characters from the most popular comic strip of all time meet the magic of Scanimation. Ten memorable scenesâ in clear and colorful Scanimations, with smooth-flowing, detailed imagesâ are brought to life in the book, each accompanied by the inspiring words of wisdom from Charles M. Schulz that make PEANUTS so special. Charlie Brown runs to launch his kite, with the caption âœSometimes there are things you just canâ™t resist doing.â • Snoopy does his happy dance: âœTo dance is to live.â • Lucy skips rope: âœLife is more than just lying around.â • Plus Schroeder plays the piano, Snoopy battles the Red Baron, Sally dances with Linus, and Charlie Brown tries to kickâ and of course, as he will for all eternity, missesâ the football. PEANUTS is one of the most beloved and best-known brands of all time. Every day over 45 million people read the strip; its animated specials have aired on television for the past fifty years (growing in popularityâ A Charlie Brown Christmas was the highest-rated prime time special in 2012); it has millions of Facebook fans; and in 2015, to celebrate the 65th anniversary of PEANUTS, 20th Century Fox will release a 3D animated movie. And now, Scanimation. Itâ™s PEANUTSâ funny and wise and beloved, forever a part of our livesâ like youâ™ve never seen before.

## Customer Reviews

Hi, Very nice saying and photos in this motion photo book. Cheery/good feeling from eating the quotes and seeing the moving pictures. It is very nice. I am giving it to a young adult who enjoy Snoopy. Well made/good construction. Happiness....

This is a very cute book, but it could use a few more pages and pictures for the price. If you are a peanuts fan or have a friend, family member or child , this book is enjoyable. If you are giving it to a child just use caution, it cannot take quick page turning without slightly ripping.

Great scanimation book featuring some iconic Peanuts illustrations and quotes.

Scanimation books are the bomb, they're so awesome to look at, children and adults will love these books. Beautiful pictures and the illusion each page gives is astonishing. I look forward to buying more in the future.

Adorable. Awesome book (as are all the scanimation books) and perfect for my little Snoopy lover. I am super excited to give it to him for Christmas.

My son absolutely adores this book. He is older, but is wanting to go into animation, and he was really impressed with the way this book works.

Great book for all of us who grew up with the Peanuts gang and now want to share it with our grandchildren.

Gave it to my niece for Christmas and it was a home run-she loves the peanuts; especially Snoopy.
