## Customer Reviews

I have purchased this book for my husband, brother and son-in-law for the past 4 years and each year they thank me for the best calendar ever! This book is aimed at anyone who loves the sea and boating. It has many interesting facts and quotes from mariners around the world. Great gift idea!

For boaters who love history and the water this is efficient, informative, and just the right size. We use it as a short form log and put Customs numbers in it as well.

I've been using this desk calendar from Peter Sceptre for over 15 years. It contains great information in a calendar format. I don't know where he keeps coming up with the detailed tidbits he includes on each page, but he's amazing.

This item was a Christmas gift for a fellow sailing enthusiast in the office. Well received and a good reminder of where he'd rather be when the winds are fair and the seas are following as in the old Naval toast "Fair Winds and Following Seas".

this is a great gift for someone who loves to boat n keep track of things. Each page you learn something new. And the illustrations are beautiful.

I've given this calendar to a special friend for several years for his birthday. It is fun and informational. He seems to love it.

Packed with history and lots of interesting lore and facts, this makes a great gift for anyone interested in the nautical arts.

Great calendar - Its too bad that they are no longer available.
