Customer Reviews

An elderly lady tha was a horseman in her younger days always had a Horse calendar. This year no one gave one to her and she was unable to shop anymore. We got this calendar for her and she loved it.

This series of images reflects the essence of the horse, offering some great pictures to go along with the monthly calendar. It's an ideal gift for the horse crowd.

I absolutely love this wall calendar and would be thrilled to purchase it again in 2015. I look forward to turning over each new photo every month, and the quotes were surprisingly appropriate for what I was going through each month. (Granted, sometimes we apply cute little sayings in ways they were not intended or actively try to see how it might relate, but they made me smile or think about things and that was appreciated). The photos are very real/natural, and show horses in a variety of settings- although they are gorgeous photos, they don't look physically altered or Photoshopped (overly smooth coats lacking in hair texture for the shaggier breeds, etc.) in any way. That's a plus for me. The squares are big enough for me to write the Big Things each day for easy reference, though I do keep a personal electronic planner to allow for more detail and scheduling of specific

time slots. All major holidays are included, as well as the basic moon cycles (which was interesting if not exactly useful). Very happy with my purchase!

These calendars are the perfect gift for anyone who loves horses. The lovely photo is paired with an inspirational quote dealing with horses.

My 6 yr. old grand daughter loves horses and she loves this calendar. She's discriminating when it comes to pictures of horses and this calendar passed the test!

This is a great calendar for horse lovers of all ages. The pictures are big and colorful, and beautiful! A great addition to an office, or tack room.

If you like horses you'll love this calendar. It's beautiful. The horses are really pretty and it has a nice message I recommend this counter

The saying for each month should be larger. It's way too small to read unless you are very close to the calendar. Other than that I love it.
