# The Last Kids On Earth And The Zombie Parade

## Synopsis

"Terrifyingly fun! Delivers big thrills and even bigger laughs."--Jeff Kinney, author of the #1 New York Times bestseller *Diary of a Wimpy Kid* meets *The Walking Dead* in this very funny post-apocalyptic graphic novel for middle-grade readers. The zombies are disappearing. This might seem like a good thing, since zombies eat your brains, but normal human kid Jack Sullivan is suspicious. He keeps hearing an eerie shrieking noise that seems to be almost summoning the zombies "but to where, and for what (probably) foul purpose?" Jack, his three best friends (maybe the only people left on Earth), and their pet monster Rover need to get to the bottom of this. Along the way they encounter a lot more than they bargained for, including a giant Wormungulous, a pizza parlor monster hangout, an ancient evil who destroys worlds, and a stereo system that is totally the bomb. Can Jack figure out why the zombies are vanishing . . . before he and his friends are next?

## Customer Reviews

This book is about the last kids on earth who have to fight monsters and zombies. These kids are still scared of these creatures, but they are used to fighting them as they are the last survivors on the planet. My favorite part of this book was when Jack fought the Wormungulous, a giant worm-like creature. That is because it is the first battle in the book and the action for this scene is really cool.

What makes it better is that there are AWESOME drawings! My favorite character in this book is, of course, Jack the zombie hunter. Will Jack and his friends ever defeat all the monsters? If you don't know, read the book and you'll find out. I give the book 5 stars because it was SUPER ACTION PACKED. I recommend this book to kids who like adventure/zombie monster stories.

This was purchased for my grandson who loved the first book and asked him if I would get him this one. He was so excited the other day when it came. He's 10, in the 4th grade, and apparently quite a few of the kids in his class enjoy this author also, so it appears to be a good book for this age group.

Received the book yesterday. My son ran to the mailbox to get it. We read two chapters last night and he was loving it. I had to literally pull the book out of his hand and tell him to go to bed! I never thought I'd have to rip a book out of my sons hands - so THANK YOU for writing a great story. We also read the first book, Last Kids on Earth, twice!

They wouldn't go anywhere the day this book (2nd in the series) was delivered. They just camped the mailbox all day.

All of my kids loved this book
