Customer Reviews

My toddler loves this book. Cute and educational!

Great graphics - the only reason I didn't give it a 5 star is because the book is fairly small. I imagined it bigger. It's OK because it is perfect for small hands :)

My grandson just loves this book and it's nice and sturdy, may take some time for him to destroy it.

Showed up before I expected and my daughter loves loves loves the book

It is super informative(for a baby book) and seems very durable.
