Ruby Redfort Take Your Last Breath (Book #2)

Synopsis

Crack open Ruby Redfort's second adventure and you will literally be on the edge of your wits. Everyone's favorite girl detective is back for a second mind-blowing installment, packed with all the off-the-wall humor, action, and friendship of the first book. This time, though, it's an adventure on the wide-open ocean, and Ruby is all at sea. . . . Can she crack the case of the Twinford pirates while evading the clutches of a vile sea monster as well as the evil Count von Viscount? Well, you wouldn't want to bet against her.

My ten-year-old grandson, William, was reading it and he encouraged me to read it. So I read a few pages of his hard copy and then downloaded it on my Kindle. I really enjoyed it, partly because it was just plain good and suspenseful and also because it was fun to share with Will. After reading the first two, I am looking forward to a third Ruby Redfort book by this author.

This book is worth a read, but is not as BRILLIANT as the first book. The beginning is quite good but the book keeps getting better as you read. Some things in this book are a bit unrealistic and strange but overall it was really good! I felt that the ending was a bit confusing because although Ruby got

want she wanted, the case wasn't really tied up. Maybe that means there will be another book? I hope so because the books are so cleverly written and the codes are fantastic! If you like Ruby Redfort then I would read this book, it is worth it!

With abrasive t-shirt slogans, funky new gadgets, and an aquatic mystery that needs puzzling out, *Take Your Last Breath* does not disappoint. The Ruby Redfort series will have you checking your toast for secret messages and itching for a mystery to solve.

Amazing. It's just amazing. Ruby reminds me of my best friend in quite a few ways. I LOVE IT! It would have taken me over three years to think of something like this. Heck, I can't even come up with a plot for a fanfic! I don't know how Lauren Child does it, but I'm glad she does it. ~Crista Parrish

This book is your typical yet also completely abnormal sci-fi story, and it could not have been better written! All of the events are completely unexpected, so I never found myself actually trying to guess what happens next. The way that Ruby is so usual teenager though also unlike any person you might encounter makes her sort of a hidden role model :)!

What an awesome and thrilling sequel to the first book. It had me on the tips of my toes to the very end! Hope there's more to come!

It was a totally awesome book! It kept me on the edge of my seat. The storyline is great, but it was kind of a repeat from the last book. It had some hilarious lines in it, along with some interesting facts that I had no idea about. Also, there are some pages in the back explaining some codes used in the book, which I thought was cool. Our eight-year-old loved *Charlie & Lola* and *Clarice Bean*, so this was a much-anticipated series. Not disappointed! She's read both Ruby Redfort books and absolutely loved both. Wishing for more and more from Lauren Child.
