## Customer Reviews

For anyone that loves food/loves cooking this is a super cute calendar. This is the second time I bought a food landscapes one. The last one I bought was a few years ago. I'm not sure if the company is different, but i seem to remember in the last one I got like this, they gave a little explanation of what foods were used to make the photo. This one does not have that same feature. It's not a big deal, but I do look at some of these pictures and really cannot figure out what they used. In any case it's a cute wall calendar.

This artist's work is really enjoyable-excellent eye for detail and execution. My only disappointment is I didn't get a full 12months of new creations, some have been recycled. Se la vie!

3rd year ordering this series. Always a treat and the family actually will all gather around to look at and point out foods in the pictures that we may have missed.

I love it. I have been getting these Calendars for quite some time. Perfect for kitchen décor.
