My son finished the Diary of a Minecraft Zombie series by the same author, and started these. Book #1 he really liked, but he said he didn't care for book #2 as much. We do have book #3 already, so we'll see how he likes that and if we continue with the series or not. He did just start reading book #1 of Galaxy Wars (same author) and likes that one so far. He really cannot wait for Book #11 of Diary of a Minecraft Zombie to come out!! We've got it pre-ordered! ;)

Mom thinks it's okay. Dad thinks it's a bit clever. But the family seven-year old thinks it's good. Dad can't argue with that. This is a good discovery.123456789.....GO!

This was very good book but it was a little bit short compared to the time it took to make it. This author has lots of potential and should continue this series. They should also make a "Interveiw with a minecraft mob part 2"

Pretty good and funny just needs more detail so if u like minecraft you'll probably like this book #first herobrine halloween
