Customer Reviews

My four-year-old son loves all of the Froggy books! And when he signed up to play soccer, we read this book every night for the entire season. He chants "Head it, boot it, knee it, shoot it . . ." before every game or practice. We are now buying a copy for the team to autograph and give to the coach. Every soccer mom should get this book! (As well as the other Froggy books!)

He's back! A really fun and exciting book for soccer fans...Froggy and his gang of friends are good sports, and have a lot of fun while becoming champions of good attitude, and their league. A great book for parents too, it highlights the fun that should be team competition...and, of course, it's very funny...

My daughter LOVES these Froggy books. She is 6 and just starting to read. These books encourage her to want to read as she thinks they are funny. They are adorable and easy for her to read! We love them.

Any child who loves to play soccer will enjoy this book. The illustrations are great and it is a great gift.

The Froggy book series can be used to teach a variety of language concepts (spatial concepts, reasoning, responding to -wh questions, labeling and identifying parts of the body, using pronouns, etc.). The visuals are also clear and great. I recently use this Froggy book around the period of time when the World Cup was going on. It helped many of my student understand the concept of the game and make it more concrete. I also like Froggy Gets Dressed, Froggy's Sleepover, etc..

My kids loved the chant! I purchased this book because my son was having trouble paying attention on the soccer field. I think he enjoyed comparing himself to Froggy and it definitely helped him get excited about playing soccer.

Children are sure to relate to Froggy's forgetfulness, impatience, and fears. His adventures are wonderful. The repetitive text and funny sounds will encourage readers who are sure to be attracted to the hilariously expressive illustrations. I love these books!!!

This was the fourth Froggy book we bought for our 4 year old son.... now he is six and still loves his collection of Froggy! They are great illustrated and written with a high sense of humour.... I really enjoyed reading them to my son!
