Leroy Ninker Saddles Up: Tales From Deckawoo Drive, Volume One

Synopsis

Yippie-i-oh! Saddle up for the first in a spin-off series starring favorite characters from Kate DiCamillo's New York Times best-selling Mercy Watson books. Leroy Ninker has a hat, a lasso, and boots. What he doesn't have is a horse—until he meets Maybelline, that is, and then it's love at first sight. Maybelline loves spaghetti and sweet nothings, and she loves Leroy, too. But when Leroy forgets the third and final rule of caring for Maybelline, disaster ensues. Can Leroy wrestle fate to the ground, rescue the horse of his heart, and lasso loneliness for good? Join Leroy, Maybelline, and a cast of familiar characters—Stella, Frank, Mrs. Watson, and everyone's favorite porcine wonder, Mercy—for some hilarious and heartfelt horsing around on Deckawoo Drive.

Grade Level: 1 - 4

Customer Reviews

Leroy may be a small man, but he has big dreams of being a cowboy—a real cowboy like he sees in the movies. But—as his coworker at the drive-in movie theater tells him—every cowboy needs a horse. He's got to "take fate in (his) hands and wrestle it to the ground." And with this inspiration, Leroy sets out to find himself a horse and a loyal friend. When Leroy finds Maybelline, we wonder if she's the right horse for him. We can certainly see in Van Dusen's drawings that she doesn't look

like an ideal horse. And yet, Leroy understands exactly what she wants: plenty of compliments, lots of food and loyal companionship. That isn't too much for anyone to ask, is it? Leroy and Maybelline's mishaps, from a tiny apartment balcony to a rain-sodden chase scene, will bring lots of laughter from listeners and readers alike. But it's Leroy's devotion and Maybelline's happiness that will stick with readers. *Leroy Ninker Saddles Up* is a longer chapter book than the *Mercy Watson* series. It will make a great read-aloud to first graders who are reading *Mercy Watson* on their own. Second and third graders who loved *Mercy* last year will get a hoot reading *Leroy Ninker* now. There's definitely more text, fewer illustrations and more challenging words.

This is such a fun book! My daughter loved the *Mercy Watson* books and when we received this book she knew exactly what book *Leroy Ninker* was in and was excited to be able to see him in his own story. The author did a great job as usual to make *Deckawoo Drive* come alive with its' unique and fun characters as well humorous plot. We were chuckling throughout the story and had a blast reading this together. One of the things that I really like about this author is that she writes in a way that an earlier reader (let's say 1st grade) can handle reading by herself or with minimal assistance. That being said, this story is a ton if fun. You get to really get to know *Leroy Ninker* in a much deeper way and he gets into some fun situations with food and friends and so much more. If you liked *Mercy Watson*, you will love this new story, and if not, you need to read this and the *Mercy Watson* stories, you do not know hat you are missing until you do!*I received this for review - all opinions are my own*

This is a wonderful book for younger readers or a read-aloud book for even younger readers. Ms. DiCamillo has done the children's literature world another huge favor!

If you like the *Mercy Watson* series, you'll enjoy this new series as well. We got this for my 5 year old's birthday, and he seems to enjoy the story and the illustrations. My only "con" is that unlike our hardcover *Mercy Watson* books, the illustrations in this book are not in color.

Cute story. More words and a little more advanced reading level than *Mercy Watson*. We really miss the color illustrations of *Mercy Watson*. My boys (6 and 4) like it, but they loved *Mercy Watson* more. I cannot tell you how many times we've read *Mercy Watson*. This one we've read 2-3 times.

Oh so incredibly satisfying to be back with our friends from *Deckawoo Drive*! We are huge fans of

Mercy Watson, and especially Leroy Ninker, so there are not words for how much my daughter and I enjoy this book, getting to see Leroy reformed, and such devotion for Maybelline! I can't remember enjoying a book so much- thank you, Kate DiCamillo and Chris Van Dusen, for bringing us back these characters we adore, introducing wonderful new ones, and helping us see what's next! Can't wait for the next Tale from Deckawoo Drive!

The team of DiCamillo and Van Dusen just keep getting better! The author has written a joyous, lighthearted tale that is a pleasure for young and old; while the illustrator continues to dazzle us with amazing images that are full of humor and life all the while limited by a black & white format! Simply fantastic!

We LOVE the Mercy Watson books and we read them over and over to our four year old. This was a great continuation of the stories from the characters on Deckawoo Drive. Kate DiCamillo is a fabulous writer and I would highly recommend any of her books. These introduce some big vocabulary in a fun way for young readers with plenty of context clues to help them figure out meaning and they are hilarious! I enjoy reading them to her and she really loves them. I can't wait for more!
