Customer Reviews

I was disappointed at how few pages there were, but I suppose that is my fault for not reading the full description. I bought this as a gift for a horse lover, and he didn't seem to mind that it was so short. For being an "ultimate" book I thought it would include his favorite horse (pinto), but it didn't. Overall, it was okay, but I would never consider this an ultimate sticker book.

I wanted a book for my 3 yr old. He loves horses and talking about them. This was a perfect horse book, for him. Great stickers and pictures with a little info.

This was for my 4 year old granddaughter for Christmas - she loves horses and sticker books so this was a no-brainer for her!

Bought 2 of these -- one for my daughter's 9th birthday and for her friend's birthday. They are both

horse-crazy!

This is a wonderful sticker book. It features a wealth of stickers of the different types of horses. And the stickers are mostly in the middle and then in the back. The stickers are of a nice and big size. And they are very realistic in appearance. The pages feature the silhouettes of the horses and one has to study a bit to figure out where to place the sticker, but that is part of the fun. My 23-month old nephew loves horses and he loved the stickers in this book, especially the really big ones! It makes for a wonderful combination of entertainment and education. I highly recommend this collection.

Great book for the horse crazy kid. Loads of information for young and old. I enjoyed being able to learn with my daughter about the different breeds. Even having been in the equine industry for 10+ years, there was some new information for me too.

Great pictures combined with educational descriptions make this a great gift for children who love horses. I gave each of my granddaughters one of these books and they keep them occupied for hours of travel.

JUNK. Sticker names do not match up with horse names. We got this for a young child (8) who struggled to match up the horse stickers with their corresponding spots in the book. Some of them used alternate names that only a horse person would be familiar with, not a child who just likes ponies! Match up the actual shapes, you say? Some of them are so similar that it is hard to differentiate, even for an adult. Lastly, the stickers don't stick well at all. We really expected more out of a product with the DK brand attached to it. Live and learn.
