Customer Reviews

Easy to read book! My son is big into the Yankees and hes only 10 years old so these types of books are a very great read for kids who were not around much in the height of his career. Its so important these younger kids know about true legends!

I bought this book as a gift for my nephew, who is a huge fan of the Yankees. It's a great way to enhance his reading skills while learning about one of our favorite players, and we have enjoyed reading the book together.

I don't love baseball but now I am starting to like it more and more everyday so I do recommend this book

Best book ever that I have read. So if you like books with action funny characters or historical memories?then who is Derek jeter is a good book for you.

Like I said I loved it because it was so unique and about the best shortstop ever Derek Jeter is that shortstop
