Customer Reviews

It has very very good graphics and details. My kids read the every day. Definitely improve their reading skills. A must have for Skylanders' fans. If you are not a fan, don't buy it or you will trapped to spend a lot in Skylanders.

My son saw this book in the store (for more than what I payed for it on :) and loved it! He will be getting it for Christmas. He loves Skylanders. I am sure he will love this book!!

This was a Christmas gift requested by our six-year-old grandson. He loves it - takes it to school, etc.

My boys are 8 and 7, they love Skylanders and love this book. Good quality pages and bright colors

fill the pages. They take turns reading to each other about the different Skylanders.
