My Wonderful World Of Shoes

Synopsis

Ever wondered what a boot inspired by a Beatles lyric looks like? What is a "Hug My Leg" shoe? And how about lace-ups inspired by 18th-century snuff boxes? From stilettos to loafers, wedges to jelly shoes, platforms to sandals, Nina Chakrabarti once again dazzles us with her creative flair and inspires us to look at footwear with fresh eyes. Vintage favorites are shown alongside Vietnamese slippers, Romany boots, and Louis heels, with famous designer pieces such as Vivienne Westwood's Rocking Horse golf shoe, Maison Martin Margiela's split-toe Tabi boot, and Camille Unglik's metallic Luna sandal.

Customer Reviews

I found this book at Marshall's and, because there was only one- I came on to [Amazon](#) and ordered 3 more for my granddaughters. This book shows shoes from different eras - with different styles and lots of detail for the kids to color. I actually scanned a few pages so if I have to be at a dinner with youngsters- I can give them a page to color. Be sure to order some nice markers with thin tips so they can get into small parts. My favorite was a shoe made all of buttons. Your recipient will love this book!

My friend adores shoes. I usually make her a birthday card with shoes I cut out of magazines. So for her 71st birthday, I gave her this book so she color and dream of shoes while she rests between

shopping sprees.

I love this line of coloring books. They're fun and diverse. My six year old loves fashion, especially shoes, so this was perfect for her. I love that there is a description of every item so she learns what the pieces she's coloring are.

Perfect Birthday gift for my friend who loves shoes...and coloring as much as I do. Others in the series are just as much fun.

This is a perfect gift idea! Shoes in every design and from a lot of different time periods. Love, love, love!

My little girls love this coloring book and they love shoes.

The shoes in this book are lovely, cute, and fun to color.

This was a gift for my niece and she loved it!
