Shoes, Shoes, Shoes: A Delightful Book Of Imaginary Footwear For Coloring, Decorating, And Dreaming

Synopsis

Legendary artist/designer Seymour Chwast and award-winning book designer/illustrator Carol Chu offer up more than one hundred original shoe designs to color and create. Paired with quotes from philosophers, rock stars, and other deep thinkers, these shoes are the visual interpretation of their words. Simultaneously creative and contemplative, it gives shoe lovers/doodlers much more to think about than should the shoe match the purse. Does it match their style? Their mood? Does it add depth and understanding to these ruminations on what it means to be human? Shoes, Shoes, Shoes offers up a novel and interesting way to look at life and the shoe.

Customer Reviews

I am really disappointed in this coloring book. The pages are not perforated, the pictures are on the front and the back of each page, so if you use markers, it leaks through to the other side. Also, the pictures are ugly and they are drawn on both fronts of the page. How are you suppose to color something like that? I would not buy this book again. Very disappointing!!

Too many sci-fi/ industrial looking designs that didn't really appeal to me. Poor quality paper that bleeds markers. More historical high fashion designs with a touch of whimsy would be preferable.

This is a lot of fun to color, many of the shoes are "silly" but even though they're not realistic, they sure are fun to color.

badly drawn--no backgrounds--too ugly to be shoes with few exceptions(2 of which are on the cover)--would not buy again and I don't think her other coloring book sounds much better--picked up a coloring book for \$4 at Meijer check-out that is much better

Absolutely love this charming collection of Seymour Chwast drawings and quotes to match. It was the perfect gift for my mom, a former fashion illustrator.

Not really sure how I feel about the crazy shoes lol lol

Good product but not for me.

My sister had her 80th birthday and has always loved shoe items. She lets guests color a page in her book with their name and date colored. Its fun and she loved it!
