Christmas gift for my 4 year old granddaughter. She loves it. The first few pages have very easy items to find and it gradually gets harder as you go back pages. It's a padded book and there was a hole in one spot from shipping with other items but it didn't keep her from loving it.

The soft, padded cover and lavish Disney pictures on shiny board pages will dazzle toddlers new to the adventures of look and find books. As an additional bonus for parents, there are interactive activities. Each set of activities focuses on a separate skill, such as colors, rhyming, counting, etc. It's nice that the pages are wipe-clean! This is a fun book to share with your child.

Very nice book for a very nice price. We were very pleased with this purchase and our almost 3 year old loves all the look and find books. I didn't anticipate this book being so large but it's great and we love it!

We literally look at this book once a day. My daughter is 18 months old, and is obsessed with this book!

My daughter loves it. I didn't notice it was a "first" book so it's definitely more simple for my 3 yr old than I expected. Will be buying a more advanced one for her soon but it's good for a starter book.
