Customer Reviews

This colorful, animated, joyful book teaches multiple elements of music for lower elementary school. It introduces instrument families and covers a wide range of musicology, including where instruments come from, musical style and even recipes from different countries! Be sure to use the supplemental "Connect the dots with Fredi"! This is a great way to start the school year and break the ice with your young students. It's also a great resource to leave for a sub. Highly recommended.
