Customer Reviews

I love Caroline Jayne Church's art work and this book continues the love. The board book is holding up well to my toddlers and the pictures are adorable. There are times it is difficult for me to keep up with turning the pages while singing the song, since they did only a short segment of the song, but it's the perfect amount for toddlers. For my personal bonus, I have boy/girl twins and this book mimics their experience.

One of the songs I love to sing to my grandkids when I visit. So, I bought this for my 3 1/2 year old grand daughter and she loves to sing along as she turns the pages for her 1 year old little brother.

Great little book for my two boys, who are close in age. Helps them realize things are better with each other than apart and how to be sweet. Easy bedtime read - couldn't ask for more!

I bought two books for two of my great grandsons and was delighted to hear both granddaughters singing the words to their songs. In today's world one never knows who has upbringing in this way. I was delighted to know they could sing it to their boys.

My 2 year old and I read every night! She loves it. :) illustrations are classic CJC. My children ages 5, 2, and 3 months love to listen to the rhythm of the story. 2 year old loves to point to pictures. Simply a great book to read or sing!

Returned this book. I was looking forward to a book more like I Love You Through and Through, and How Do I Love You? (both which are excellent!). This book was just the words to the song. Not really much to keep the baby engaged.

This book is short, simple, and sweet. We bought it for our son because the artwork looked like him and one of his best friend's and highlighted a friendship that progressed in the way that their's did. In person, the front cover has a metallic quality to it which was unexpected but makes it look a little more special.

Caroline Jane Church's books are some of my children's favorites. She has authored and/or illustrated over 90 books. I doubt we will get to read them all, but we have loved all we have read. This new series is based upon known nursery rhymes with the first two titles being The More We Get Together and You Are My Sunshine. With shiny metallic covers children are immediately attracted to the books, and Caroline's characteristic illustrations, children's faces and actions, will draw in young children who will love to have the books read again and again. And children will also sit and flip through them by themselves over and over again. The 12 pages in this board book convey so much emotion and fun, children will love them.
