## Customer Reviews

We are fanatical Recess Monkey fans and are so excited to see this collaboration with Josie Bissette. What a great idea: A fun, colorfully illustrated book (props to Kevan Atteberry!) with irresistible rhyming that encourages kids to dance? Yes, please! Totally plush "Boogie Legs"? My kids won't take them off. Two new Recess Monkey songs with a "Best of" compilation? SOLD! This is a fantastic gift for preschoolers and anyone who wants to dance! Rock on, Recess Monkey!

This is a great book. However we bought it because we also had the tickle monster kit and our kids loved that book. This book is less of a success at our place. Probably because it is not a new concept anymore but also because the dancing is less fun than getting tickled. So if you are

wondering which one to buy I'd have to say go with the tickle monster kit.

This is a fun way to bond with older children. It's no where near as good a book as the tickle monster. I was excited to get it after I have read tickle monster probably 100 times. It's still a fun read. I would recommend both kits!!

We gave the Boogie Monster Dance Kit to several friends' children as gifts. They love it! In fact, it's hard to tell who loves it more--the kids or their parents. How fun to get ACTIVE with your little ones by reading and dancing along to a beautifully illustrated and creatively written book, a book that has a positive message about how unique and special each child is. The packaging is so beautiful and it's a great and FUN holiday gift idea!

I love these books - the Boogie Monster and Tickle Monster. Children from babies to even my eight year old love these stories - and I make sure to buy them for baby shower and birthday presents both!

I bought this to entertain my 5 year old great -niece who was visiting. She, her 30 year old uncle and myself read the book first and my niece deemed the book unnecessary and was a bit impatient with it (she just wanted to boogie!!). I think younger children would appreciate it more. The book makes the point that any kind of moving you do is OK, have fun, etc. A moot point for my little one--she takes hiphop classes, afterall:) I wore one monster legging and she wore the other and the three of us danced our asses off to a pretty cool collection of songs. She loved the song with the corny jokes! Don't know about the length of interest it will hold, but she already was asking if we could do it again at Christmas.

I bought this as a Christmas gift for a two year old and she absolutely loves it. She goes crazy over the little leg covers and loves the music on the included CD. The book is well written and well illustrated. She is sure to get much enjoyment out of it. Great purchase.

I bought this for my son's Birthday and I was so impressed when it arrived that I sent links to friends with kids as an idea for their kids for Christmas! It is such a wonderful kit and beautifully presented.
