# I Can Dance

## Synopsis

Readers make dancers disco, tap, or pirouette just by wiggling their fingers. But wait! There's even more fun. In an impressive gatefold finale, readers use two sets of hands to help the dancers perform an encore. With interactive holes on every page and a satisfying touch-and-feel cover, this charming board book is the perfect way to play and read together.

## Customer Reviews

This is an adorable book for boys and girls alike. The pages feature different kinds of dancers. Toddler fingers might be too small for the distance between the holes, so I use my fingers when we read this.

This book is adorable. I bought this for my granddaughter and she loved it. I also bought "I Can Play" for her. The two books together made for a cute little gift.

This book is perfect for my 1 year old! He has so much fun sticking his fingers (and sometimes nose!) through the holes while I read!

LOVE "I Can Play" AND..."I Can Dance" -Both incorporate using your fingers but the way the illustrations are done, it's not hokey, static or un-natural looking. My 5 year old daughter loves these

and my 8 year old son loves reading and "animating" them for his sister and cousins. Great books! Now to buy these for friends and family, just can't decide if they'll be stocking stuffers at Christmas or Easter Basket items!

This is such a cute little book! My 2-year old has insisted we read it several times each night since she got it. It's got an easy to read story and is interactive. Great buy for a toddler!

Cute, cute book. You put your fingers through the holes in the book and "dance". Fun to watch little kids "dance." Nice interaction book.

I am surprised myself and how much this book makes me laugh, let alone my daughter! We love it. Good buy. Not easy to find books that stand out like this.

My two year old has loved this book for 6 months or so. She cracks up at my wiggling fingers. It's super cute! Plan to buy more of her books!
