Customer Reviews

Used book. Stated to be "good". Book noted to be in great shape. four pages fold at the top, no writing or torn pages. Shipped fast as expected. This book was purchased for my 7 1/2 old daughter. Both of us read at night, we take turns. I find that this book is very well written but wordy. The story line tends to run on a bit in various areas hence losing both my daughters attention and mine as well.

Isabelle goes to a special Dance school. She loves to make her own costumes but soon develops self doubt but finds a way to over come this. I also enjoyed the little real life stories in the back of the book. My friend's daughter really wanted Isabelle for her birthday, so I got her started on these books and she's enjoying them as well...working her way up to earning the doll.

My 8 year old daughter absolutely loved this book. She has read other American Girl books like Sage, Samantha, Kit, Julie, etc. Isabelle resonated with her so much we went to the American Girl store so she could get the Isabelle doll. More modern then most others leans heavily on the dance theme.

My daughter and I have entered the world of American Girl this year and absolutely love GOTY Isabelle! We are both sad that she will soon be gone. However, her books will hopefully remain available for a long time. This is the first book that comes with the 18 inch Isabelle doll (or can be purchased separately) and tells the first part of Isabelle's story. We have seen her movie and in comparison, this book covers the beginning of her story through the fall festival part, going into more detail than the movie does. There are some parts that differ a bit from the movie of course (in the movie, Isabelle is in more of a Halloween dance than a "fall festival" show) but the differences are relatively minor. There are 10 chapters to this book and it took us awhile to read it all the way through, but overall, we both enjoyed it. I highly recommend it to Isabelle fans and anyone who loves American Girl!

I read this book for my summer reading project. I am going into 4th grade. This is about Isabelle and her trying out for a dance company called Anna Hart School. Her sister Jade goes there too. I like this book because its fun and a little silly. Since I take ballet myself, I really liked that the ballet moves are spelled out in the book. At the end, Jade and Isabelle were really happy because they both made it into the Nutcracker.

I think that "Isabelle" was a great book. I think that there should be more of these Isabelle books. American Girl's are great books! I can't wait to buy more American Girl books .I saw the movie "Isabelle" but I thought that the book was better.

Great book needs more pictures I recommend this book for anyone who loves dance and adventures it is awesome great job to the author

My grand daughter loved Isabelle and treated her like gold.....unfortunately someone got into her house and stole it. I can't afford to replace it because it's only now available on sites like ebay at an extremely inflated price.
