Great Horse Stories For Girls: Inspiring Tales Of Friendship And Fun

Synopsis

Girls love horses! Horsewoman Rebecca Ondov invites tweens (ages 8 to 12) to experience life around horsesâ€”caring for them, getting to know their personalities, training them, and loving them. Along the way, girls will discover more about themselvesâ€”who they are, how much God loves them, and what He wants them to do. Using their love for horses as a base, Great Horse Stories for Girls helps girls: build confidence in God's love and provision, create stronger friendships, know how to handle "the blues," make wise choices, develop an active prayer life. Daughters will enjoy these true stories of interacting with horses and encounter life-changing truths that will help them grow strong spiritually, emotionally, and mentally.

I love this book. I won my first copy in a contest, and have gone on to buy others as gifts. The situations can apply to adults as well, the message is the same, the situation just may be more complex. The book is also perfect for horse crazy grandsons and a grand daughter not yet old enough to be horse crazy. As in not speaking yet. The stories are great to read to her. This book is another great one from Rebecca Ondov, I always anxiously await her next one. Beautifully done, G-d uses her gift to bless us and his gifts to us, our horses.

Jesus Christ will enjoy this book I have lived around horses all my life but still learning more about horses Ruth a Simmons

Great Horse Stories for Girls' ...is not just for girls, but for anyone who has a passion for animals and/or loves a good story!! Rebecca will draw you into the story and make you feel like you are there and can feel the horse's warm breath on your hand and the soft touch of its velvet nose. You will look into the gentle affectionate eyes and watch the muscles ripple in its body with power and grace only God could have made in the horse. Each chapter is a different section of one story with questions helping the reader consider her own responses or reactions to the biblical aspects Rebecca reveals in each short but touching blurb of one big fantastic adventure in her life. Fun facts about horses are included at the end of each chapter. This format lend itself well to be used as a bible study or in small groups and will enthrall everyone! Even as a young Christian I can understand the message that Rebecca so artfully weaves from the story and it makes me feel happy and close to tears at the same time. In Rebecca's book she keeps reminding us to trust in the Lord and ask him first before doing something and even if we make a mistake he is always there to help us. For me that is very encouraging as a Christian. I have thoroughly enjoyed this book and all Rebecca's books and I can guarantee that you will too!!

Excellent gift for my granddaughter. She enjoyed a book I sent her earlier so much, she asked for more books by this author. Very pleased with new condition of book. Arrived before due date and packaged very well.

I thoroughly enjoyed reading Rebecca Ondov's book, "Great Horse Stories for Girls." Being a horse person, I can identify with Rebecca's love for horses. Rebecca's book is designed to encourage young girls to think about what they read by asking questions and researching topics via sources such as the Internet. She concludes each chapter with sections titled, "Just Between You and Me," and "Just For Fun." Not only does Rebecca write about her horses and mules, but she shares her belief in God and how He helps guide her decisions. As with all of us, we have our moments of disappointment and questioning our actions, but Rebecca illustrates that putting our trust in God will help get us through our troubles and self doubts. While I was reading Rebecca's book, I felt as if she was in the same room telling me about her wonderful horse family and how they enrich her life. I highly recommend this book to all those horse crazy girls out there, young and old; your life will truly be enriched. Regardless of your age, you will find Rebecca's book entertaining as well as

inspirational.

The message delivered to readers is that life doesn't always happen as planned, but every life is precious. The moment a new life is created - even before birth - that tiny twinkle of promise changes the universe forever. Life offers more than most people are willing to see. This sweet book encourages young people to notice the creation around them - the wonder, the beauty, the gift. Relationship with horses presents challenges, opportunities, and blessings not found anywhere else. The author delivers life lessons as the reader experiences the great wonderful moments of life with horses and some of the unexpected ones as well. This book isn't a horse training manual or biology book. It is a story with a point of view. It delivers principles and eternal truths given by our Creator God to those who are open to receive them. Organized in a structured format with story, information, challenges, and directions for further learning, Ms. Ondov adds another book of great insight and sensitivity for her fans. Perfectly presented for home-schoolers, Christian horse campers, and any other group of young ladies eager to know more about real life with horses and the faithfulness of our Lord. Each chapter begins with a scripture then walks it out as the story moves forward. Maybe your horse-crazy daughter or granddaughter is ready for "that talk." Perfect way to open the discussion of how young ladies become young women with solid foundations for the future - or perhaps to motivate self-directed study. This book gives you many ways to use it to bless that special someone. I am a Christian writer and equine clinician who received one of Rebecca Ondov's earlier titles as a gift from a friend and loved it. I reviewed this new book because (1) I was privileged to be asked, and (2) I have great respect for the author and was pleased with an opportunity to read another of her books.

Read this book straight through without putting it down! Now I am rereading carefully and thinking more about the "Just Between You and Me" sections. Definitely an enjoyable and thought provoking read for all horse/animal lovers, not just girls. Even after being privileged to share much of my life with horses, I learned new insights about these beautiful creatures, about myself and most of all about our awesome Creator God and loving Father!
