I Can Be A Horse Rider (Barbie) (Step Into Reading)

Synopsis

Barbie has learned all about being a pet vet, a ballerina, a teacher and now she can be a horse rider, too! Girls ages 4 to 6 love horses, and they will love reading about Barbie as she learns what it takes to be a riding champion in this Step 1 reader.

Grade Level: Preschool - 1

Customer Reviews

Ok, two things I love. I love horses and I love Barbie. Putting the two together makes this one of my favorite books. But, I'm 9 years old and this is an easy reader. If the author that writes the Barbie books can find a way to put it into a normal reader book, I would be happy. I recommend this book for young girls who love Barbie and aren't having such an easy time reading

Barbie I Can Be a Horse Rider, Book. This is a great book for girls that are starting to read on their own and love horses. My grand daughter is enjoying this series of books and learning to love reading.

bought this for a 2 year old grand daughter who loves horses and she loves it. Right now it's being read to her, but soon she will be reading it herself. In the meantime, she loves the pictures when alone.

My granddaughter at 5 is reading at a second grade level. She read this book once and has not touched it since. I was disappointed because she was so excited to get the book then didn't find it interesting.

I got this for my three year old granddaughter for Christmas this year. She loves horses and reads this book all the time.

This was a great first level book! Good for beginning readers, especially for those having difficulties. In addition, my toddler loved it! She repeated some of the pages. Simple, cute story with Barbie and horses.

This went well w/ Barbie doll w/ horse. It was for a fund-raiser for a nfp stables that do hippotherapy.

This book and the other Barbie Step 1 books have really given my daughter more confidence in her reading abilities. She WANTS to read these, and they helped her with reading by sight.
