Princess Ponies 4: A Unicorn Adventure!

Synopsis

On an enchanted island, far, far away, princess ponies can talk and play. Eight golden horseshoes give the ponies their magic, but when the shoes go missing from the castle, only a true pony lover can save the princesses and their home. A Unicorn Adventure! When the second youngest Princess Pony, Honey, enters the forbidden Cloud Forest, Pippa and Princess Stardust know they must follow her. They find out Honey's secret-a new unicorn friend! And when the unicorn mentions a magical tree in the middle of the forest, Pippa thinks there might be a golden horseshoe there. Are Pippa and Princess Stardust brave enough to face the fire-breathing dragonflies and other scary creatures of the Cloud Forest?

My 7 year old daughter is in love with this series. After reading the first she has purchased each of the next ones as soon as they were published and we read them in a few days. She did say that the Unicorn Adventure one was her favorite in the series so far. This book, book 4 in the series, really is dependent on books 1-3. In my opinion, this shouldn't be a stand-alone book, as it is so short and so dependent on the books before it and the books after it, that it feels more like the Princess Ponies series should be one big book instead. But the way they published it, the kids get a separate horseshoe jewel with each book..and the publisher gets more money. Nevertheless, each book is

pretty inexpensive and my daughter absolutely loves them.

The search for the lost, magical horseshoes continues on the pony island of Chevalia. This is a series that my 8 year daughter loves. A little over an hundred pages with simple, but cute B&W drawings, she finishes it easily in one sitting. They include a different horseshoe charm with each book which she collects. Pippa, a human girl, was taken, in the initial book, while vacationing on the beach with her family, by two sea horses to Chevalia, the secret world of talking ponies. Alas, the magical horseshoes were stolen, and Pippa along with different ponies search for them and encounter various creatures and mild adventures. The author shows the layout of the island with Wild Forest, Cloud Forest, Castle, volcano, etc along with the family tree of the royal family. In this story, Pippa and Stardust follow after Princess Honey into the 'scary' Cloud Forest. It's really all fun and cute. At the end, they include an interview with Princess Honey by Tulip Inkhoof, and a sneak peak, of Book 5 "An Amazing Rescue". A thumbs up by our child, more cutesy, adorable storytelling with incentive charm

Our 6 year old daughter absolutely loves this series of books!! We read them every night! :)
