## Customer Reviews

My 8yo daughter emphatically does not like princesses as all they do is 'kiss boys'. So I was very surprised when she came home from the book fair with one of these saying she wanted to read more of them. From what I gather, as I haven't had a chance to read them for myself, is each princess has an animal that they rescue. Quote from my daughter, 'they all have a sense of adventure and don't kiss boys'. So, yeah, I would absolutely recommend them.

My 6-year-old daughter has been reading these since last spring. She rarely reads any other books! She is on Book 8 right now. Her vocabulary has improved, her love for reading has grown, and these books are about respect, teamwork, friendship, and cute animals (which applies to most little girls). She'll get the next few for birthday presents and I know she's going to be thrilled!

I bought the Rescue Princess series for my eight-year old granddaughter to read at my house. She has really enjoyed reading about these princesses and is now waiting for the latest for me to buy for her.

I came across the series of Rescue Princesses when I was looking out for new series of books for my daughter. She was nonchalant to them and these were left on the shelves even after I renewed them. After I read the first few chapters to her, she was enthralled, and she started and completed many other of those on the shelves Rescue Princesses before I finished this book. This story began with a new team of princesses who worked together to rescue animals in trouble. Each of them are unique in character. It was fun following their team spirit development and enjoyed the fruit of their wits in gaining the freedom for the horses!

My daughter loves the Rescue Princesses. They came in enough time for me to give both books to her for her birthday. I am however a little disappointed on the shipping cost. It is about the same price as the book. But to see her enjoy reading as much as I did when I was her age is well worth it.

My six-year old granddaughter can't get enough of these. Reading them builds her language skills in a way that is fun for her, which is just what you want.

My daughter keeps requesting the next in this series. She loves them! She says it's like a kid mystery but it's not scary.

My daughter LOVES these books! They are great chapter books for 1st or 2nd grades! Any little girl would love them!
