Customer Reviews

Well again another long review on a outstanding book but wow really this guy got talent he knows how to write books come on wow this guy dude you're books are like the bomb man please keep them coming I mean my friend tells me if the book is out yet every single day until now its out and I'm ready thanks you are life saver I mean do you know how awesome this is people c'mon stop reading this and press the darn BUY button you here me? Ok? Naw I am just overreacting a bit but seriously this book is so marvelous I mean you know cube kids book his book has action but this book has dedication see plus its not that much at all plus 130 pages is very impressive. If you think it takes too long to upload guys this guy has a life like us humans ok so chillax already jeez. Anyway when reading this book I was like so impressed this is not just like minecraft action this helps your child this is perfect for kids on real life problems because apparently this zombie goes to school.

Well now that I am done... lets hit the spoilers!!!*TOXIC SPOILERS PLEASE GO IF NOT READ BOOK*First off lets start with about the series we will get to the book later. So if You do not knowâ | Zack Zombie is a middle school zombie an average with some luck but mostly the bad luck and big frustration its really funny when a character has this its funny this book is a bit to humorous I think I did laugh a lot this book really catches me and sucks me in you know maybe I like books to much from this guy wow. As you know from other diary books the character is friends with the default minecraft player Steve. When Zombie is in hardship Steve tries to help Zombie by giving him ideas but is usually backfires BUT in this book it works out just fine.
