## Customer Reviews

I read this book with my son in Spanish we enjoy the story a lot. But what I like is that being a native Spanish speaker sometime it is difficult to find good translations, but this is one of them. I highly recommended. Reading it in an Android tablet with the Kindle app did not have any problem we could enlarge the letters and pictures. We enjoyed a lot.

My wife has been teaching our boy, 6 years old, to read and write (but mostly to read) Spanish, which is her first language. It is tough to keep a native language alive in an English-dominant environment, and it takes desire and perseverance. They have a Spanish study session of about an hour or so every weekday in the afternoon at home. For part of the time, he reads out loud from

books in Spanish for little children (pre-school), and for another part--and at bedtime--she reads to him from more advanced texts. She has tried Harry Potter in Spanish, but he doesn't get into that just yet. However, the Spanish translation of *The Mouse and the Motorcycle* was a real hit. My boy didn't want her to stop reading, because of course at the end of each chapter there is a "cliffhanger" situation still to be resolved. This book has engaged the interest of our son, and played an important role in his development of his Spanish language literacy. I highly recommend this title.

I got this book as a Christmas gift for a 3rd grader (who is in a Spanish Emerson program). She enjoyed it very much.

Este libro lo compramos para nuestro hijo de 4 años. Se lo disfruto muchísimo!

One, two, three! Start your engines and let's go for a imaginative ride.

Ralph to the rescue! In the book Beverly Cleary creates a lovable mouse to save the day for Keith. This crazy mouse rides Keith's motorcycle all around the hotel and right into trouble. Believe it or not Keith is a little boy who becomes friends with the mouse. The book had lots of excitement and lots of adventure. ~NI give this book 3 stars. This book is about a mouse named Ralph who gets a motorcycle from a boy named Keith. But then he drives into something all the same color. He did not know where he was going and he ends up in the in the basement he must ditch the motorcycle. Then Keith gets sick and Ralph must find a pill to save Keith. Keith asks Ralph to come home with him. I thought the story could have used more than one mouse as a main character but it was still a fun read. ~Mad Dad I liked the book *Mouse and the Motorcycle* because it was funny. I liked the part when the maid was singing in front of the mirror it had me laughing. The maid also had a secret crush on the bus boy. My favorite part was when Ralph got the aspirin tablet to Keith and saved the day. I gave this book 5 stars. ~Stardust Beverly Cleary has done it again with another great book for me to read. I would recommend this book to anyone because it is funny. When Ralph went wh-e-e wh-e-e that moved the ambulance and phpbbbb that moved the motorcycle but I can't tell you any more of the book you have to read the book and find out your self. ~Ray *Mouse and the Motorcycle* is a great book for children of all ages. It has some funny parts and some sad parts in it. My favorite part is when Ralph finds an aspirin. *Mouse and the Motorcycle* is about a boy that meets a mouse and he finds out that he can talk. I think this is a great book. ~Arnold Snortzagnator
